

# NW LRT Extension

## *First Milestone Reached in NW LRT Extension*

Mayor Dave Bronconnier, Alderman Dale Hodges, and Alderman Gord Lowe officially opened the Crowchild Trail / Sarcee Trail NW interchange on Monday, November 28, 2005.

The new bridge is a 90-metre long, two-span structure carrying Sarcee Trail/Silver Springs Gate NW over Crowchild Trail. The interchange will also incorporate art into the centre bridge pier, and on eight sections within the framework of the handrail on the upper deck. The art is expected to be installed in 2006.
